

Effective Use of iPads for SEN pupils in the classroom.

Waverley School

Our vision

Challenging expectations and sharing success

Course summary:

- A practical course about how to use and access iPad Apps to develop teaching and learning of SEN pupils across the curriculum.

Course Aims:

- To develop knowledge of using iPads to individualise learning.
- To show how iPads can work alongside class teaching on all areas of the curriculum.
- To show how iPads can be used to motivate SEN pupils and develop attention skills.
- To highlight how IEP targets can be met using appropriate Apps.

TUESDAY

28/03/18

9.30-12 noon

What do you need to bring with you

Please bring your fully charged iPad with you.

Please ensure that you have funds available on your iTunes account to purchase appropriate Apps if needed.

Bring and share some useful Apps that you are using with your pupils.

Course Costs

- This course is provided as part of Waverley School's Outreach service which is funded by the DSG.
- No cost implications for Enfield Borough Schools and academies.
- Limited places available. Please book by Friday 23rd March 2018.
