

Secondary 4 2020/2021 Topic overview

Autumn Term 2020 - Feeling good about ourselves We will be exploring many ways that we can feel good about ourselves. After what has been a difficult time for many people due to the virus epidemic it is important to boost the well being and mental health of everyone. We will be introducing lessons, activities and experiences which will hopefully encourage lots of positivity, happiness, enjoyment and contentment for all students in the department. Staff will work closely with students to promote positivity and help them back into school life gradually. We hope to incorporate massage, meditation, physical exercise, quiet / calm, yoga aromatherapy and other well known techniques which will assist everyone to feel better about themselves. This will be a challenging time for all staff and students but with kindness, love and lots of care we will all be able to support each other and be better for it.

Spring Term 2021 - Mini Enterprise - Easter Crafting Sec 4 will be exploring many ways to make a range of crafts. We will have the opportunity to make a variety of items which we hope to sell as presents / gifts. We strive to include all students in this process and hopefully they will contribute at least one aspect in their own unique way. Throughout the learning process independence, life skills, communication and work related experiences will be at the forefront of learning for our amazing students. We want each and every student to feel they have contributed to a worthwhile mini enterprise project.

Summer Term 2021 - Summer Festival Unfortunately Summer Festival could not happen in 2020 as Waverley School was closed to most students. This year we hope to provide a fabulous experience for our students with a summer festival that staff, pupils and parents / carers can come and enjoy with us all. There will be stalls, food / drink, performances and much much more and all our students will be part of this exciting project. We want to show you all how we can put on a really special event with the students at the forefront of the planning, preparation and running of the event. In sec 4 we are one team and this will show you just how much we can all come together.

Looking forward to another great year in Sec 4.

Best Wishes from all the staff and students.
